FEATURES

-  **Safety**
It's the safest training aid available on the market.
-  **Cost Effective**
No maintenance required. No steel bars, pvc pipe, foam grips, or bolts to replace. It will last for years.
-  **Easy Storage**
The Skate Helper stacks and locks into place. Adults can use two Skate Helpers stacked.
-  **Advertising Option**
Recessed panel on the front can be used for an advertising sticker. It's 11 inches across and 8.5 inches long.
-  **Cool Colors**
The Skate Helper brightens up the rink. They come in Red, Blue and Green.
-  **User Friendly**
Used by children, adults and people with disabilities who don't know how to skate.
-  **Specs**
The Skate Helper is 29 inches high and weighs 17lbs. It stacks and locks into place.

THE SKATE HELPER
STACKS AND LOCKS
INTO PLACE SO ADULTS
CAN USE IT TOO!

FUN FOR THE ENTIRE FAMILY

WHAT THE RINKS SAY

"We are enjoying the skate helpers. Families and new skaters really like them and fell comfortable using them. They are a nice visible aid on the ice as compared to the old wire frames of yester year."

Jackie Senchyna
Recreation Programmer - City of Maple Ridge, BC

"Just an FYI, the people love the skate aids and we love having them, they have been a great addition for our public skating sessions. Thank you,"

Reynold Fauci
Director of Recreation, Mennen Sports Arena,
Morristown, New Jersey

"We've been using the Ice Scooters for several years and absolutely love them. We are now up to 25 scooters and will be looking to get more every couple of years."

Marc Ronney
General Manger, Sportplex, Bellingham, Washington

"Our customers love the Ice Scooters. We rent them out and they "sell out" every time during our prime-time public skating sessions."

Kevin Barnes
City of Boise
Parks and Recreation Department
